EXAMINER'S AMENDMENT

1. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is the inclusion of the limitations directed to the first rear interior side panel being connected to a first inner vehicle skin surface and located adjacent a first inwardly projecting wheel arch, the first side panel having a first seating portion thereof, the seating portion being continuous with the first end side portion so as to extend the main seat adjacent the first wheel arch. Such limitations, in combination with the rest of the limitations of the independent claims, are not disclosed or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The following changes to the drawings have been approved by the examiner: reference numerals "32" and "26", which appear in the specification, must be added to the drawings. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.
